RENEWED PETITION UNDER 37 C.F.R. § 1.137(B)

MS Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

September 23, 2008

Dear Sir:

This is a renewed petition for revival of the above-identified application. This application became abandoned for failure to file a timely reply to an Office Action dated May 24, 2001.

I. Period One: Delay in reply that originally resulted in the abandonment.

The abandonment of the above-identified application was the result of unintentional insufficient oversight over the prosecution of the above-identified application. During the time the reply necessary to avoid abandonment was due, the assignee of the rights to the above-identified application, Miele & Cie. KG, was experiencing considerable employee turnover in its patent department. This personnel turnover, and resulting confusion regarding management responsibilities, resulted in the insufficient oversight over the prosecution of the application in

the patent department. *See* Declaration of Uwe Bauch (hereinafter "the Bauch Declaration"), attached hereto as Exhibit A. This insufficient oversight allowed the inaction and lack of communication from Karl Hormann, the Applicants' former representative and the attorney responsible for the prosecution of the above referenced application when the reply necessary to avoid abandonment was due, with respect to this application to go unnoticed. Accordingly, Applicants were unaware of the unintentional abandonment of the application.

Further, as described in Applicants' Statement in Support of Petition for Revival of an Application filed April 15, 2008 (hereinafter "Petition I"), a letter was sent, via facsimile and certified mail, to Mr. Hormann on March 14, 2008 (attached as Exhibit B) requesting an explanation as to why the above reference application became abandoned. Mr. Hormann has still failed to respond to this request for information.

II. Period Two: Delay in filing an initial petition pursuant to 37 C.F.R. § 1.137(b) to revive the application.

Applicants became aware that the application had become abandoned on or about January, 30, 2008. *See* Bauch Declaration, Exhibit A. Applicants had mistakenly stated in Petition I that Applicants had become aware of the abandonment prior to October 18, 2006. In fact, Applicants became aware of the abandonment on or about January 16, 2008, as set forth below. During October 2006, Mr. Hormann was the attorney of record. Although Applicants' current representatives were retained in May 2006, and a power a "Change in Power of Attorney" was filed via facsimile at the Patent Office on October 24, 2006 (attached hereto as Exhibit C), this facsimile was apparently not received by the Patent Office, and the "Change in Power of Attorney" was electronically re-filed on December 19, 2007. *See* Electronic Acknowledgement

Receipt attached hereto as Exhibit D. The Notice of Acceptance of Power of Attorney was mailed by the Patent Office on January 8, 2008 (attached hereto as Exhibit E). Accordingly, Applicants' current representatives were not able to determine the status of the application on PAIR until January 2008.

Shortly thereafter, on or about January 16, 2008, Applicants' current representative became aware of the abandonment. A January 16, 2008 internal email indicating Applicants' current representatives' discovery of the abandonment is attached hereto as Exhibit F. After becoming aware of the abandonment, on April 15, 2008, Applicants' current representatives filed a Petition to Revive, an Information Disclosure Statement, and a response to the May 24, 2001 Office Action. A copy of each of these documents is attached as Exhibit G. Applicants' current representatives have been working diligently to revive the application.

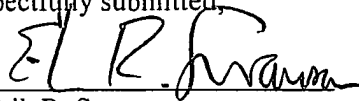

Accordingly, Applicants hereby petition to revive this application. The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional.

It is believed that no additional fees are required for this petition or the accompanying response. However, should additional fees be necessary in connection with the filing of this petition or the accompanying response, or if a petition for an additional extension of time is required for timely acceptance of the same, the Commissioner is hereby authorized and requested to charge Deposit Account No. 04-0100 for any such fees, and applicants hereby petition for any needed extension of time.

Dated: September 23, 2008

I, Uwe Bauch, declare as follows:

1. I am an employee of MIELE & CIE. KG., the assignee of U.S. patent application No. 09/582,307 entitled "VACUUM CLEANER FAN" (hereafter "the '307 Application"). I am familiar with the '307 Application and the department I work in at MIELE & CIE. KG. is responsible for the prosecution of the '307 Application.

2. During the fall of 2001, my office was experiencing personnel turnover. The confusion resulting from the personnel departures and changes to management responsibilities resulted in a failure to have oversight over the prosecution of the '307 Application.

3. My office did not receive any communications from Karl Hormann, the attorney responsible for the prosecution of the '307 Application, regarding the May 24, 2001 Office Action issued in the examination of the '307 Application.

4. In May of 2006 our office elected to obtain new representation before the U.S. Patent Office.

5. Our current representatives before the U.S. Patent Office, DARBY & DARBY PC, filed a revocation and new power of attorney before the U.S. Patent Office in the '307 Application, which was accepted by the Patent Office on January 8, 2008.

6. On or about January of 2008 I became aware that the '307 Application had become abandoned.

7. We instructed our current representatives to proceed with preparing a response to the May 24, 2001 Office Action and to file a petition to revive the '307 Application.
